A programmed learning, word-building approach is ideal for self-paced learning and review *and* in-class instruction! The 4th Edition of this popular textbook continues to incorporate the most current trends and approaches to teaching medical terminology. Each body system unit features a summary of major combining forms, a comprehensive pathology section, and additional medical records and evaluations to help your students learn quickly and easily.

Give your students the freedom to learn at their own pace, both inside or outside of the classroom. A learning aid bookmark and audio CD (packaged with every book) lets them learn on the go, and the Term*Plus* CD provides a wealth of interactive learning activities.
