Love Through LimeLight (Celebrity Sex Tape Book 3) Farrah Abraham

Third in the Celebrity Sex Tape trilogy

The journey...

The fly-by-night lifestyle fades into the background. With enough sexual stories to last a lifetime, I find myself...the person I was destined to grow into. There's more to this life, there's *The One*. I can get anyone I want and this time that little voice that whispers "I'm going to do it" more than pays off.

The woman...

I'm not like every other person out there: Through the journey I've realized I'm not like many people. I am stronger than most and have found faith that others will finally see the person I really am behind all of the gossip. Many people fail to meet their potential but there are others who exceed their own dreams. I am one of those people.

The star...

To the world I'm not another starlet gone crazy: I have found the realism of life and its best parts through every day experiences that I have made seem more bold and epic than anyone else could. Through this, I have shared with the world, making history not only in entertainment, but through social efforts and diplomatic ventures. I have changed the world as we know it. It took some scandal to get so many to follow my story but the ending is well worth it—happy or not. The masses of the public grow to be more than just puppets of Pop Culture and idolism...as I grow into the woman my husband marries.

A Romantica® contemporary erotic romance from Ellora's Cave
