## **Zambia: Building Prosperity from Resource Wealth (Africa: Policies for Prosperity)**

Zambia is a landlocked mineral dependent country in Southern Africa whose history is intimately entwined with the copper mining industry. Having gained Independence from Britain in 1964 at the height of a copper boom, the country experienced a slow and painful economic decline over the next quarter century. However, following a traumatic and protracted process of economic adjustment through the 1990s and early 2000s, Zambia's economic potential is now better than it has been at any time since Independence.

This book, which contains a set of rigorous but accessible essays by a range of Zambian and international scholars, seeks to examine the challenges and opportunities that currently face Zambian policymakers as they seek to harness the country's valuable natural assets to broad-based and sustainable economic growth over the coming decades. Written in a non-technical manner by leading scholars in the field, the chapters address key challenges in the areas of natural resource management, agriculture, trade, employment and migration, education, finance, and investment. This is the second volume in the Africa: Policies for Prosperity series following on from the successful first volume on Kenya.

#### **Wanda Collins:**

As a student exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Zambia: Building Prosperity from Resource Wealth (Africa: Policies for Prosperity) can make you truly feel more interested to read.
