The sins of the father ... Charles Taylor was raised in the typical British manner of the late Victorian era: distant from his father, George, a civil servant in India. The two grow closer as Charles ages, but after his father's untimely death, he finds himself on a path of discovery about George's life and his role in the pacification of tribes near the Tibetan border, especially his father's encounter with a powerful shaman and his son. A past as hidden as the Apatani valley, which protects its secrets well. **Praise for *Into the Hidden Valley*:** With echoes of *A Passage to India*, this is a wonderful new addition to the literature of British India. Blackburn gives us vivid descriptions of the land, people's faces, their customs, their dress, their families and their emotions, lending insight into the motivations of both colonial officials and tribesmen. His beautiful prose helps the reader grasp the misunderstandings and clash of worldviews behind the tragic violence of the Raj. A gripping and delicious read. – Carla Petievich, Visiting Professor: South Asia Institute **About the Author:** Stuart Blackburn was born American, but is a man of the world. Experiencing India first hand in Peace Corp, Stuart would later go on to earn a PhD in Indian culture and folklore. A teacher for many years, Stuart's writing remained in the academic field until 2014 when his first novel, *Murder in Melur*, was published in India.
