Glen Gillen

Stroke Rehabilitation: A Function-Based Approach, 3e Glen Gillen

Gillen's **Stroke Rehabilitation: A Function-Based Approach, 3rd Edition** is the *only* comprehensive, evidence-based stroke rehabilitation resource for occupational therapists. Extensively updated with the latest research in assessment and intervention, this essential text presents a holistic, application-based approach that integrates background medical information, samples of functionally based evaluations, and current treatment techniques and intervention strategies to help you confidently manage the growing number of stroke rehabilitation clients.

- **UNIQUE! Case studies** challenge you to apply rehabilitation concepts to realistic scenarios.
- **Evidence-based clinical trials and outcome studies** clearly outline the basis for stroke interventions.
- **UNIQUE! Survivor's Perspectives** help you understand the stroke rehabilitation process from the client's point-of-view.
- **UNIQUE! A multidisciplinary approach** highlights discipline-specific distinctions in stroke rehabilitation among occupation and physical therapists, physicians, and speech-language pathologists.
- **Review questions in each chapter** help you assess your understanding of rehabilitation concepts.
- **Key terms and chapter objectives** at the beginning of each chapter help you study more efficiently.
- **Three new chapters** broaden your understanding of stroke intervention in the areas of *Using Technology to Improve Limb Function*, *Managing Speech and Language Deficits after Stroke*, and *Parenting after Stroke*.
- **Learning activities and interactive references on a companion Evolve Resources website** help you review textbook content and locate additional information.

From reader reviews:

Ruth Davis:

Spent a free a chance to be fun activity to try and do! A lot of people spent their free time with their family, or all their friends. Usually they doing activity like watching television, planning to beach, or picnic inside park. They actually doing same thing every week. Do you feel it? Do you want to something different to fill your current free time/ holiday? Might be reading a book might be option to fill your cost-free time/ holiday. The first thing you will ask may be what kinds of e-book that you should read. If you want to try out look for book, may be the reserve untitled Stroke Rehabilitation: A Function-Based Approach, 3e can be great book to read. May be it may be best activity to you.

Robert Zamora:

A lot of people always spent their very own free time to vacation or even go to the outside with them friends and family or their friend. Were you aware? Many a lot of people spent many people free time just watching TV, or even playing video games all day long. If you need to try to find a new activity that is look different you can read a new book. It is really fun for yourself. If you enjoy the book which you read you can spent all day every day to reading a e-book. The book Stroke Rehabilitation: A Function-Based Approach, 3e it is quite good to read. There are a lot of individuals who recommended this book. We were holding enjoying reading this book. Should you did not have enough space to deliver this book you can buy often the e-book. You can m0ore very easily to read this book from a smart phone. The price is not too expensive but this book offers high quality.

Richard Vedder:

This Stroke Rehabilitation: A Function-Based Approach, 3e is great book for you because the content which can be full of information for you who always deal with world and have to make decision every minute. This particular book reveal it data accurately using great manage word or we can declare no rambling sentences in it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but tough core information with lovely delivering sentences. Having Stroke Rehabilitation: A Function-Based Approach, 3e in your hand like getting the world in your arm, details in it is not ridiculous just one. We can say that no guide that offer you world throughout ten or fifteen small right but this e-book already do that. So , it is good reading book. Hello Mr. and Mrs. busy do you still doubt that will?

Nora Mickey:

Do you like reading a reserve? Confuse to looking for your selected book? Or your book had been rare? Why so many question for the book? But almost any people feel that they enjoy with regard to reading. Some people likes reading through, not only science book but also novel and Stroke Rehabilitation: A Function-Based Approach, 3e or others sources were given knowledge for you. After you know how the great a book, you feel wish to read more and more. Science guide was created for teacher or even students especially.

Those books are helping them to bring their knowledge. In some other case, beside science publication, any other book likes Stroke Rehabilitation: A Function-Based Approach, 3e to make your spare time considerably more colorful. Many types of book like this.
