A personal story of a cancer survivor who discovered how simple inspirational text messages can make a difference into a person's life -- into my life. And as I continue the unfolding of my new life, I'm onto new discoveries, new insights, new perspectives and now bolder than before to continually make a difference in my new self and hopefully in the lives of others. Had I not experienced this life's battle, I would have nothing to share – with you! The urgency is now! Empower yourself and start making a difference into your life and in the life of others. Prayers and Gratitude really do wonders. Rediscover the power of prayers and thanksgiving to the Almighty. Religion doesn't matter in making a difference. Distance as well. No matter who you are and where you are, there are no limits and boundaries as to the possibility of reaching out to more people and be an instrument or an inspiration in whatever way, no matter how simple it may be. They said the book is "very light to read" and can be lined up to "lift me up" books of some known authors. Those statements encouraged me more to share this book to anyone who may be interested to read it and know how simple inspirational text messages can touch a person's life. God can communicate to us in many different ways, thereby, sensibility counts. Be a blessing! Do not hesitate to do your part regardless of how simple it may be for you do not know the magnitude that it may bring to a person. Be an inspiration in whatever form, for you do not know how it could touch one's mind and heart. In simplicity of things, life can be more meaningful depending on one's outlook. If you'll say and think that you CAN'T make a difference in your life and in the life of others, you are right! If you'll say and think that you CAN make a difference in your life and in the life of others, you are right, too! The URGENCY is NOW! And the decision is yours to make. It will never be too late to make a difference. Regrets come in the end not in the beginning. With the right shift in our consciousness, everything is already possible! With our enduring and unwavering FAITH in God, nothing is impossible. So, let's be one to start making a difference and be empowered for a better tomorrow. Enjoy Reading!
