Meet Babette. A beloved family dog who is part guardian angel and part amazing psychic who guides her "pack" (family) through the pitfalls of life with courage and self sacrifice. This book is one whose time has come as Babette demonstrates newly proven canine abilities like predicting earthquakes, forecasting seizures, heralding low blood sugar levels, and diagnosing breast cancer. Babette joins the ranks of therapy/service dogs who serve their humans as seizure response dogs, dogs who are trained to monitor blood sugar levels and those that calm anxiety to promote wellness and healing. While these remarkable abilities are now well documented, Babette goes a step or two further and is possessed of some almost magical powers. Babette's Pack puts committed marriage, mother hood, therapy dogs, and patriotism back on the map. It is a true family book that is hilarious, scary, and inspirational -dedicated to dog lovers everywhere.
